

Seth,

March 7th, 2010

I cannot describe to you the impact this show has had on me. I still think about it all the time. I just wanted to thank you for giving me the opportunity and working with me everyday to see that I gave it my all. This experience taught me so much and I will never forget it. Thank you for pushing and challenging me. I hope that you will continue to do that while I am here at this university to help me become the actor that I strive to become. Thank you so much.

Sincerely,

Alexandra
