

Seth,

I've got a lot to thank you for on this little card. Thank you for an amazing opportunity to work in my hands-down, all-time favorite style of theatre. Thank you for assembling an incredible company of actors. More than anything else, thank you for your infinite dedication & meticulous preparation. In this, you have been & will always be an inspiring mentor for me. You set the bar high, not only for this department & this University, but for this CRAFT of ours.

I'm a better actor, a better teacher, & a better man for having met you.

Cordially yours, Regards,
Matt Lewis

Dear Seth,

It was a joy and a thrill being part of the "Animal Crackers" company, watching my peers work each night, studying the brilliance of The Three Stooges, dancing for the first time in eighteen years, and experiencing another exciting rehearsal process with an exceptional leader. I am glad to have been part of your artistic vision and process for this show. With thanks,
Abley
