

Seth,

It is all too often that a teacher can be so insightful, so memorable and so important to a student and not realize it. I hope to break that trend by letting you know how much I appreciate every class I've ever had with you. Your constant professionalism, talent and keen observant eye has taught me so much and reminded me often that I have so much to learn. Because of you, I have a toolbox of techniques to make it to the next step, to go on the path of making this dream of a career into a reality. This department needs you and is made an excellent program just by your presence. I have felt so inspired and driven after every class I've had with you. Thank you, from the bottom of my heart, for being such a wonderful teacher. It truly was an honor to be your student. It's all too perfect that Stacy was my first true acting teacher and you were my second. I wish you and yours the best of luck with your future together.

I'm all smiles!

I'll try my best to keep you updated on my career, you should do the same.

Thank you so much,

Chris
